The Green Gram Outreach Update

28th SEPTEMBER 2025

The Aim of Our Outreach Programme

To increase community awareness of the impact of single-use plastic packaging and conventional cleaning/personal care products on both the environment and people.

How we achieve this aim

- Social media/media content
- Community talks to adults
- Attendance at events
- Visiting youth groups
- Partnerships with local schools

Green Gram Outreach

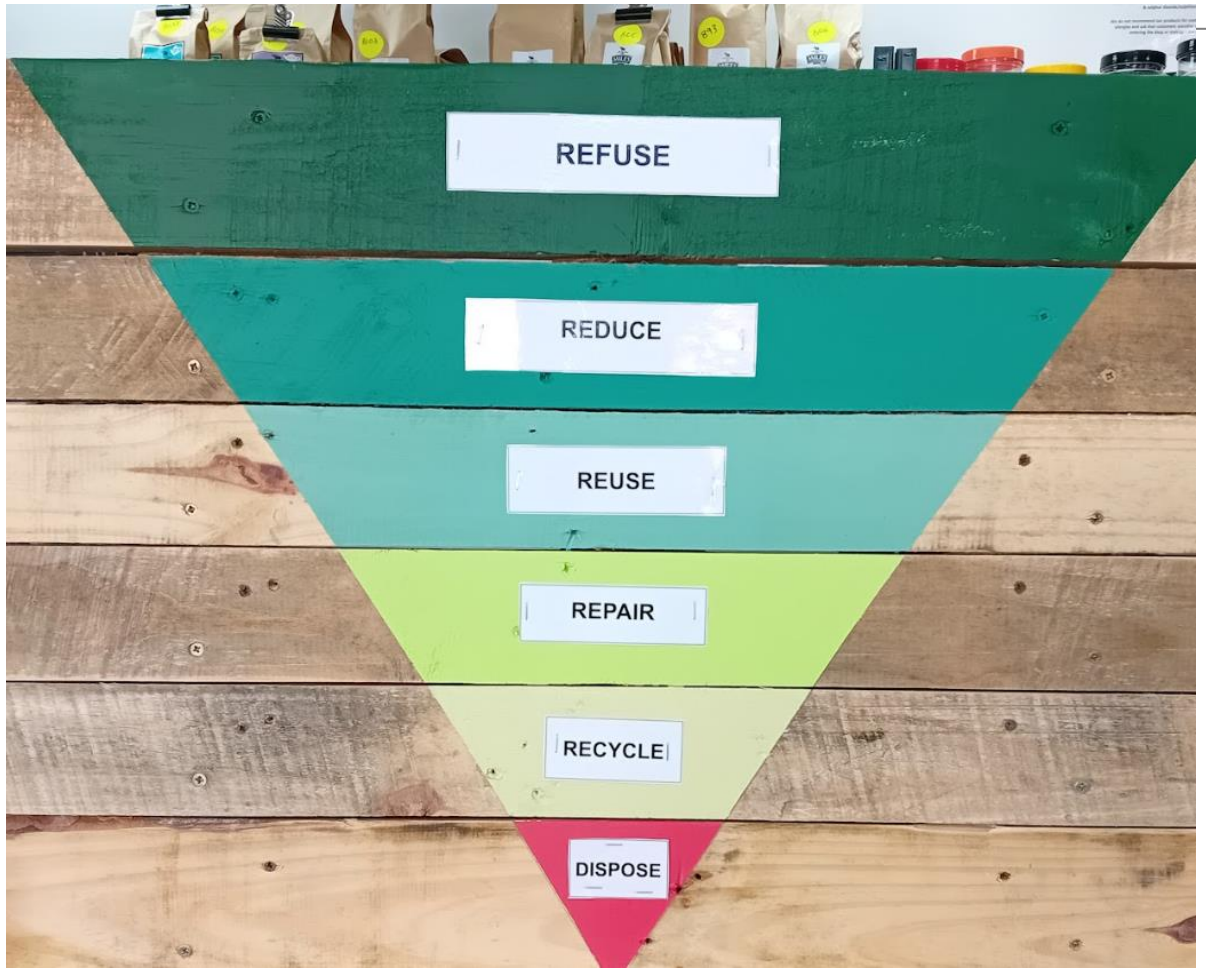

Youth Group Visits

Youth Group Activities

Youth Group Activities

Playing Games to think about reusing rather than recycling or throwing away.

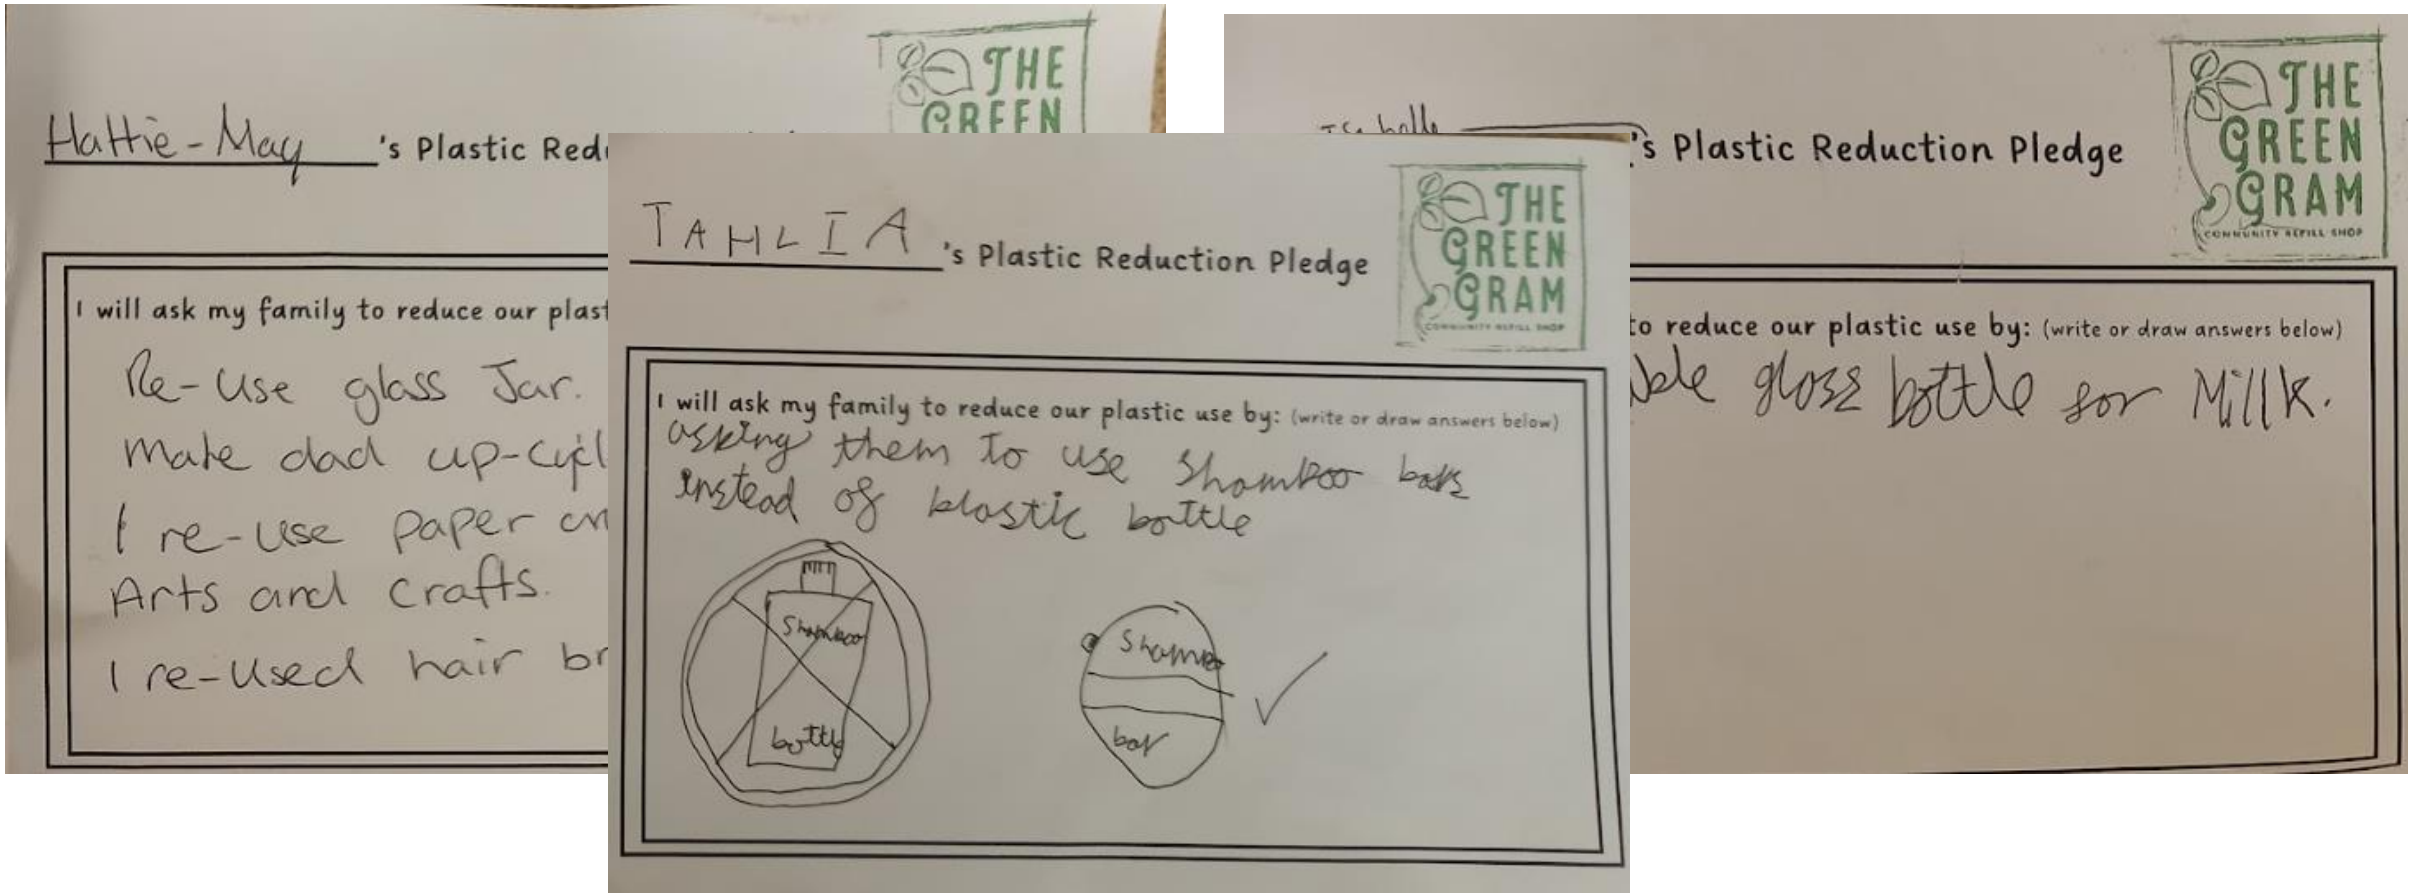

Youth Group Activities

Learning how to use the shop

Cubs taking it in turns to fill a reusable container that they brought with them.

Youth Group Activities - Making Pledges

School Groups - Burgate

School Groups - Burgate

Year 8 and Year 10 Eco Club July 2025

Workshop to learn about personal care and makeup products.

Considering ways to communicate message to their peers.

Talks to Adult Groups -

Community Talks

FORDINGBRIDGE GREENER LIVING

A greener town for a brighter future

fordingbridgegreenerliving.org

Talk Green

Being Clean and Green

The impact of many cleaning products on health and the environment. A talk by Wendy Reid—The Green Gram Community Refill Shop outreach co-ordinator.

- Learn about the history of cleaning and the rise of commercially made cleaning products
- Learn about some of the chemicals used in many household cleaners and personal care products and their impact on our health and the environment.
- Look at safer commercial products with a focus on the products sold at The Green Gram
- Learn how easy it is to make your own cleaning products

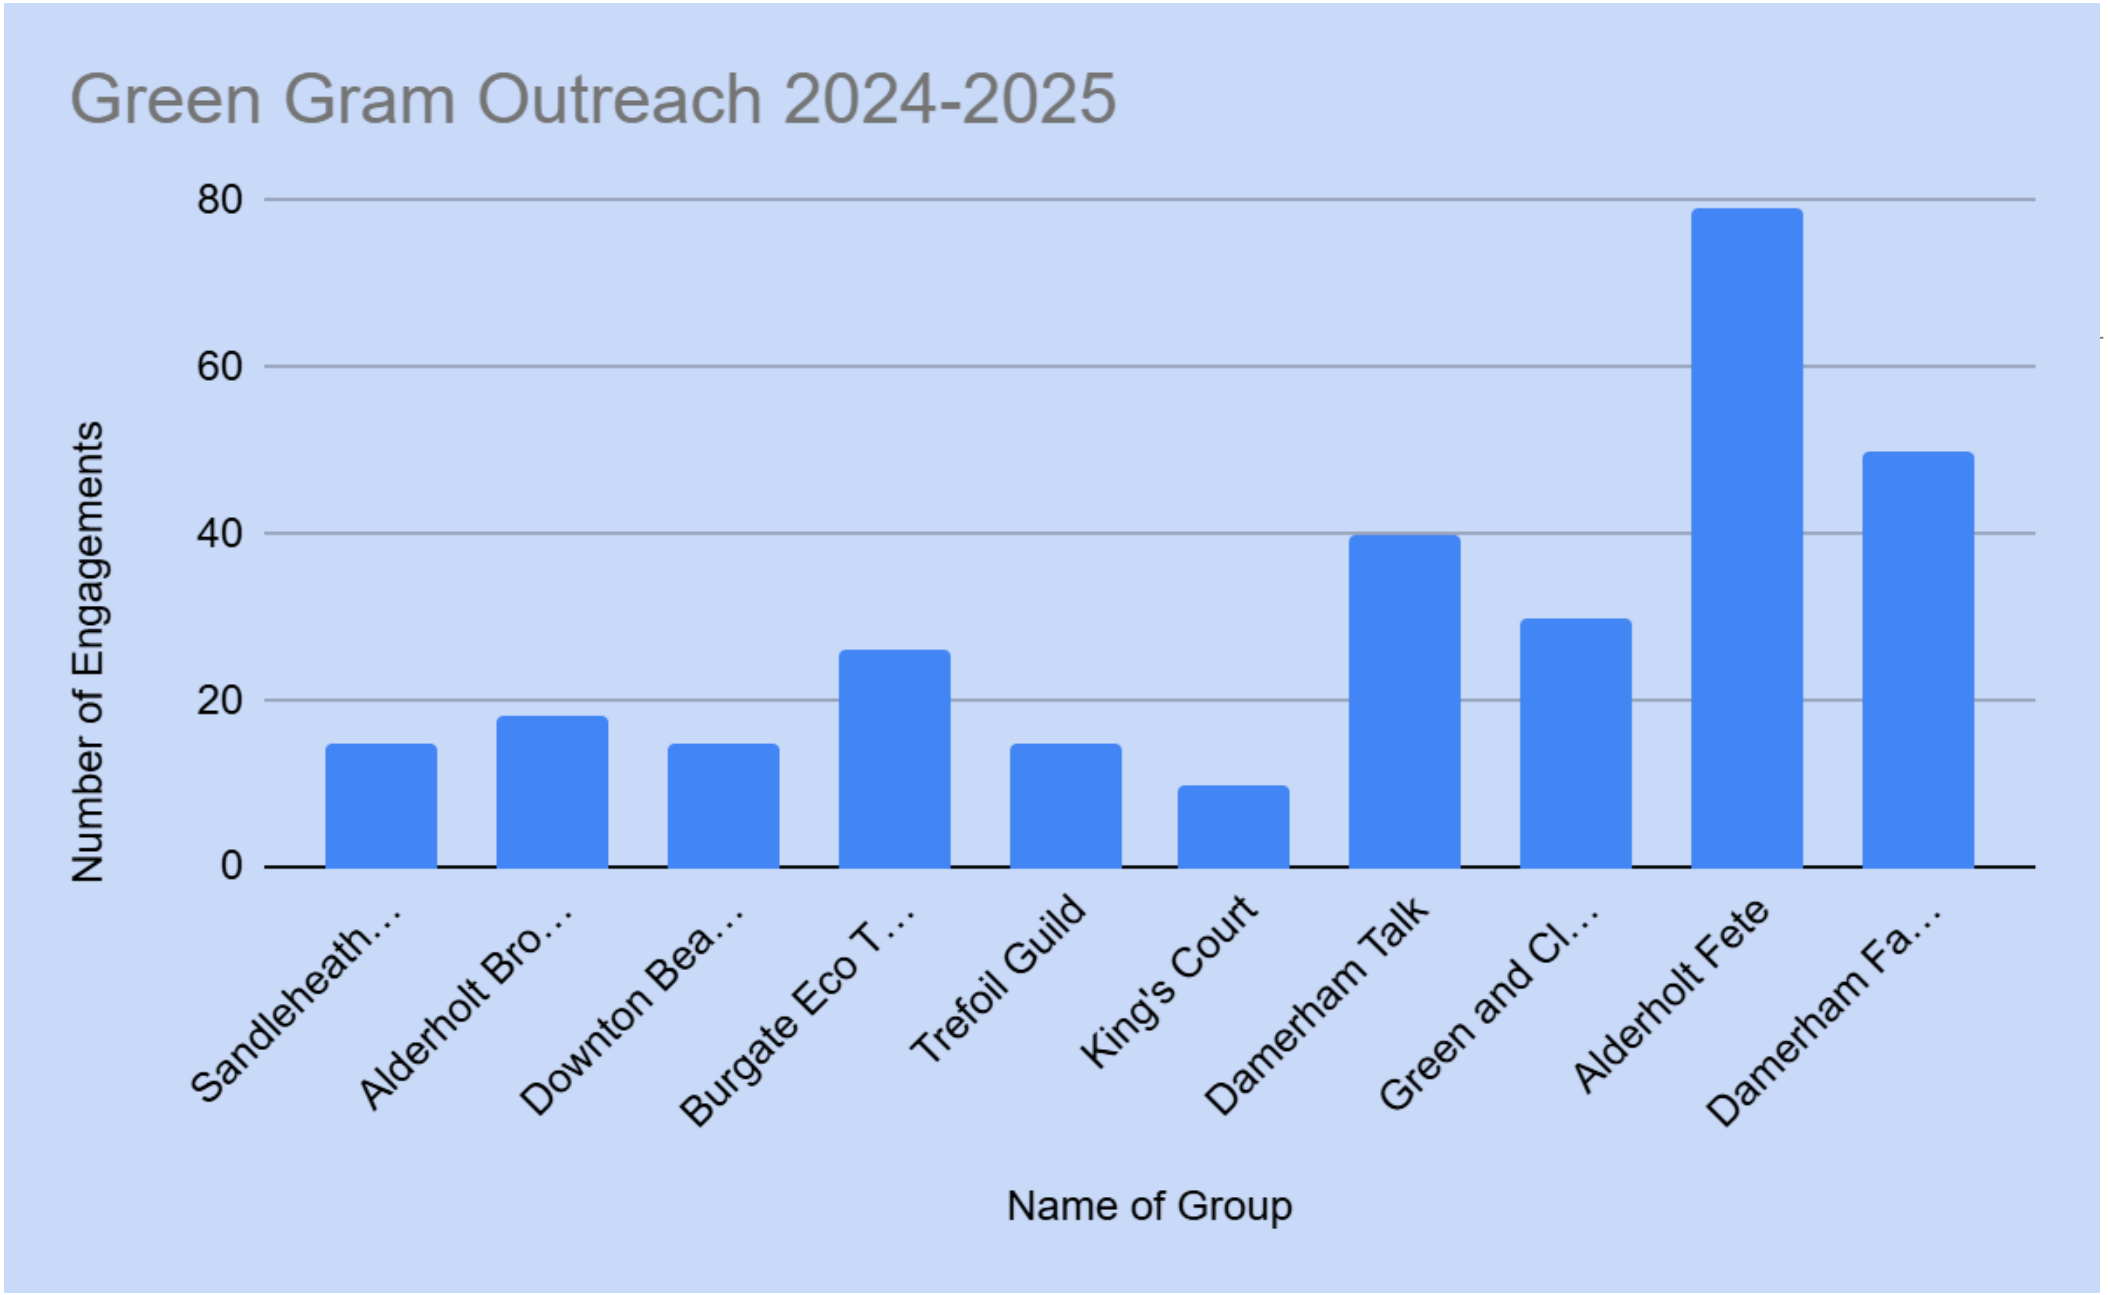

This is a free event but numbers are limited, please book a ticket in advance using the QR code or email link.
